

REACH Statement

As part of CamdenBoss's commitment to compliance, we have undertaken a process to identify if any substances of very high concern (SVHCs), meeting the criteria set out in Article 57 of REACH and included on the REACH "Candidate List" are present in CamdenBoss products.

We have communicated with our upstream suppliers and we confirm that, to the best of our knowledge, the products we supply do not contain any SVHCs included on the Candidate List in concentrations above 0.1 % with the exception of the items listed as follows:

- *CTB (Terminal Blocks), Lead, CAS#7439-92-1*
- *CTBP (Terminal Blocks), Lead, CAS#7439-92-1*
- *CFB (Fuses), Lead, CAS#7439-92-1*
- *CF (Fuses), Lead, CAS#7439-92-1*
- *CTSN, Lead, CAS#7439-92-1*

Please note that articles that contain greater than 0.1% lead concentration are RoHS 3 compliant using exemptions 6a, 6b & 6c.

Should you require further information concerning CamdenBoss's implementation of REACH, please do not hesitate to contact us.

A handwritten signature in black ink that reads 'Charles Eaton', enclosed within a light grey rounded rectangular box.
